

AMENDMENTS TO THE CLAIMS

Please amend the claims as follows:

On page 1, line 1 has been amended as follows:

~~PATENT CLAIMS~~ CLAIMS

On page 1 prior to line 3, please add the following:

What is claimed:

Claims 1 – 10 (Cancelled)

Claims 11 - 22 as follows:

11. (New) A container for containing a pharmaceutical formulation comprising:

one of a transparent and a nontransparent wall having an outside surface;

a covering provided on the outside surface of the container wall being formed in such a way that the appearance of the container wall or of the pharmaceutical formulation selectively received within the container is visually undetectable for a user.

12. (New) A container according to claim 11, wherein the container is used in a clinical trial wherein the user is a test subject taking the pharmaceutical formulation.

13. (New) A container according to claim 11, wherein the container is one of a blister pack, a vial, a syringe and an ampoule.

14. (New) A container according to claim 11, wherein when the container wall is nontransparent, the covering changes the appearance of the container wall and when the container wall is transparent, the pharmaceutical formulation appears opaque.
15. (New) A container according to claim 11, wherein the covering includes a premolded plastic jacket fitted against the container wall.
16. (New) A container according to claim 15, wherein the plastic jacket is arranged detachably on the container wall, and further that the jacket is closed by means of an adhesive strip enclosing the jacket or by means of an adhesive.
17. (New) A container according to claim 15, wherein the plastic jacket is permanently attached to the container wall, and further that the jacket is firmly and permanently bonded to the container wall.
18. (New) A container according to claim 11, wherein the covering is arranged detachably on the container wall.
19. (New) A container according to claim 11, wherein the covering is permanently attached to the container wall.
20. (New) A container according to claim 11, further including at least one of an outer note and a label, and wherein the at least one of the outer note and the label is wrapped around the covering.
21. (New) A container according to claim 11, wherein the covering is colored one of black and white.
22. (New) A container according to claim 11, wherein the covering is one of nontransparent and translucent.

- 23. (New) A container according to claim 11, wherein the covering is milky or cloudy.
- 24. (New) A container according to claim 11, wherein the container is one of an ampoule, syringe and vial.
- 25. (New) A packaging for remedies comprising:
 - a plurality of containers each selectively containing a pharmaceutical formulation where the containers are all provided with a covering so that the appearance of the container walls or the pharmaceutical formulations are visually indistinguishable from one another for the user.
- 26. (New) A packaging according to claim 25, wherein the containers are used in a clinical trial and wherein the user is a test subject taking the pharmaceutical formulation.
- 27. (New) A packaging according to claim 25, wherein when the container wall is nontransparent, the covering changes the appearance of the container wall and when the container wall is transparent, the pharmaceutical formulation appears opaque.
- 28. (New) A packaging according to claim 25, wherein the container is one of a blister pack, a vial, a syringe and an ampoule.
- 29. (New) A packaging according to claim 25, wherein the pharmaceutical formulation is one of a solid drug, a liquid drug and a drug to be dissolved in a liquid.
